

Parris Projects

Materials pertaining to the following projects are included in the Parris Project digital archive. These are projects Parris worked on, bid on, or hoped to be associated with. **This list is not a complete inventory of all of Parris's projects.** For example, the online archive does not hold materials pertaining to Alexander Parris's work on the Parker-Appleton Houses, Faneuil Hall Market (Quincy Market), or the Governor's Mansion in Virginia. Additional Parris materials in Massachusetts that are not included in the project can be found at the *Phillips Library* at the Peabody Essex Museum, the *Pembroke Historical Society*, the *Massachusetts State Archives*, the *American Antiquarian Society*, the *Bostonian Society*, and the *New England Historic Genealogical Society*.
